## YOUR TEACHER: DR. LV JUNFENG

My name is Lv Junfeng and I am very happy to offer this online courses about the healing techniques of Zhineng Qigong.

I graduated from medical university and worked as a surgeon in a clinic in Hebei province.

In 1993, because of my love for Zhineng Qigong and my desire to explore the mysteries of human life, I enrolled in the two-year teacher training class taught by grandmaster Dr. Pang Ming at the Huaxia Center. After completing my teacher training, I worked for many years at the Huaxia center as a teacher, trainer, and as the head of the healing department for the seriously ill.

My deep wish is to share my Qigong knowledge and the benefits of Zhineng Qigong with many people all around the world.

I am looking forward to welcoming you to my online course.
