CONTENT OF THE RETREAT

During this 7-day retreat, we will deepen our understanding and direct experience of Mingjue consciousness, the state of pure self-awareness. Together we will enter the powerful Mingjue World Consciousness Field to awaken, heal, and transform.

- We will work with both the Qi Field and the Consciousness Field to support self-healing, healing others, and group healing.
- We'll activate and strengthen the Qi of the central nervous system, the Qi centers, and the Middle Channel, with a special focus on the innate Qi at the root of life — the Mingmen Inner Palace.
- Through the practice of awakened Mingjue Entirety, we will effortlessly merge with the World Consciousness Field to support transformation, and to experience inner stillness and unconditional love.
- We will practice and experience the state of oneness in which heaven, earth, and human are unified. This state naturally leads to inner peace.
- We will explore the key functions of Mingjue: reflecting, organizing, and sending information.
- We will also work with emotions – opening the heart, releasing emotional blockages, and learning to move through emotions more freely.

Throughout the course, we will activate the spine, major joints, muscle chains, and fascia to strengthen and soften the whole body, supporting the smooth, harmonious flow of Qi. We also learn selected Taiji Ball methods such as the double spiral technique to enhance strength, flexibility, and vibrant Qi flow.

TEACHER WEI QIFENG

Teacher Wei Qifeng is a deeply respected Zhineng Qigong master who has been sharing his knowledge and wisdom for more than three decades. With ease, compassion and joy, he teaches the state of pure, awakened consciousness (Mingjue) as the foundation for healing and transformation.

He studied directly with the founder of Zhineng Qigong, Dr. Pang Ming, at the renowned Huaxia Centre – known as the “medicineless hospital”, where he guided daily practice and was part of the advanced healing and research teams.

With warmth, clarity, and a joyful heart, Teacher Wei supports people around the world in opening their hearts, reconnecting with their true nature, and experiencing deep healing and transformation.
