Video Application

Submit a 3 minute video. In the video, share the following:

1. Your first and last name.
2. Briefly describe what changes you have personally experienced since you started practising Mingjue.
3. Who do you most want to share Mingjue with?

Instructions for making the video:

The video should not be longer than 3 minutes, and your face must appear in the video while you are speaking.

Make a simple recording on your phone or computer. Please note that this is not a creativity exercise. We want to be able to see you, as you share the 3 things we have asked that you include in your video.

Upload the video recording to your Google Drive, or any other Drive that you use. Be sure to choose “anyone with the link can view the file” sharing option, so we can view your video. Keep the video on your drive, until we’ve notified you in writing that we no longer require it. Please note that the application process may take place over an extended time period of several months, so the video may need to be available to us for some time.

Paste the video link into the same email that includes the Written Application.
